

Habitat for Humanity of Greater Los Angeles (Habitat LA) is committed to making a transformational impact by helping families, revitalizing neighborhoods, and creating more access to affordable housing across Los Angeles. Please consider partnering with Habitat LA in 2022, and join us in building the foundation for change and creating a lasting legacy for generations to come.

Homeownership

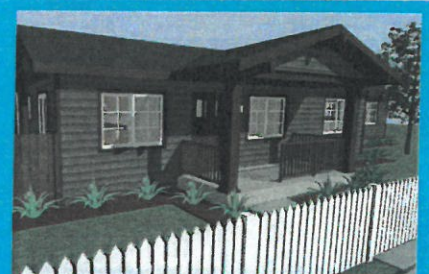

With Los Angeles County ranked as one of the nation's least affordable housing markets in the United States, owning a home may seem next to impossible for many local families. That's why Habitat LA partners with first-time homebuyers to purchase homes with affordable mortgages—in fact, Habitat LA is the only organization dedicated to providing opportunities for limited income families to enter the market. This year, 17 Habitat LA partner families will become first-time homeowners. Habitat LA strives to continue making affordable homeownership opportunities available throughout greater Los Angeles and the following are a few of developments currently under construction or in pre-development.

94th Street: This two-home development in Los Angeles County will be completed in January 2022.

Millennium Homes: Located in Long Beach's Washington Neighborhood, this ten-home development is also the site of Habitat LA's 1,001st home. This development will be completed in Spring of 2022.

El Segundo: This eight-home development will begin in November 2021, with an estimated completion of July 2023.

Home Preservation

Thousands of families in Los Angeles County live in homes in need of critical repairs and modifications. Each year, Habitat LA partners with low-income families to complete critical health and safety-related repairs, helping families to stay safe, stable, and happy. Without financial support to complete the repairs, many of these families will remain in unsafe homes. In fiscal year 2022, Habitat LA plans to complete 175 critical home repairs in partnership with low-income households.

Disaster Recovery

Habitat LA's Disaster Recovery program helps families rebuild and recover after natural disasters. Habitat LA devotes experienced and caring staff to help families that have lost nearly everything in recent wildfires so that they may have the resources and support to rebuild, repair, and renew hope. In fiscal year 2022, Habitat LA will serve 21 families through this program.

SPECIAL EVENTS

Los Angeles Builders Ball

This event celebrates Habitat LA's partners who are helping to make a transformational impact in greater Los Angeles. The event highlights the work of Habitat LA and its partners and raises significant funds for its work. This year's honorees include Clark Construction, City National Bank and Chandra Wilson. The Builders Ball will be held on September 23, 2021, in Beverly Hills, California.

Veterans Build

We Build. We Honor. We Serve. This event focuses on honoring and building with veterans and military personnel through a special project that will help improve housing for local veterans. This year's Veterans Build will take place in November 2021.

Entertainment Industry Build

Calling all cast and crew! The Entertainment Industry Build will be held on March 11, 2022 as actors, athletes and influencers partner with Habitat LA to build affordable housing.

Power Women, Power Tools®

Over nearly two decades, Power Women, Power Tools has brought together hundreds of women from diverse backgrounds to volunteer their time building homes for low-income Angelenos. This fun, one-day event is an annual favorite, inspiring women of all ages to roll up their sleeves, swing a hammer and learn some new skills! This year's Power Women, Power Tools will take place on March 12, 2022.

Playhouse Builds

Habitat LA's Playhouse Build program offers a unique experience -- constructing mini homes that serve as spaces for children to call their own. Donors have the opportunity to decorate and assemble durable, fully functional children's playhouses. The playhouses are donated to Habitat LA partner families, Habitat LA ReStores, community partners who serve children or local nonprofits that support veteran families. All proceeds support Habitat LA's Home Preservation Program.

For sponsorship opportunities or to learn how you can get involved, please contact Helen Dosta, VP of Development, at hdosta@habitatla.org.
